dimax

Modelo: H366

Product Description

The smart gateway is the control center of the ZigBee device.
Users can design and implement intelligent application scenarios by adding ZigBee device.

Preparation for use

1. Mobile phone connection Wi-Fi

Make sure both the mobile phone and the smart gateway keep the same Wi-Fi network to ensure the effective connection between the mobile phone and the smart gateway

Install the “Smart Life”APP

2. **Step A** .Find out “Smart Life”app in Apple app store, Google Play, or scan the QR code bellow and install it.

Download on the App Store

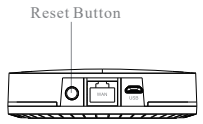

GET IT ON Google Play

The free app”Smart Life” is compatible with mobile devices the support IOS8.0 above, Android 4.4 above

Step B .Enter the register interface, input the email address/phone number for getting the verification code to register an account. Please just login if you already have a Smart Life account.

Access settings

- Connect the gateway to the power supply, and connect to the family 2.4GHz band router through the network cable;
- Confirm that the network indicator (green light) is always on (if the indicator is in other states, long press the "reset button" until the green light is on)
- Make sure that the mobile phone is connected to the home 2.4GHz band router. At this time, the mobile phone and the gateway are in the same LAN
- Open the "My Home" page of the smart life app and click the add button "+" in the upper right corner of the page;
- Click "Gateway and Other" on the left side of the page, and select the gateway (Zigbee) according to the icon;

- Follow the prompts to operate the device to connect to the network, after adding it, you can find the device in the "My Home" list

Product specification

Product name	Smart Gateway
Model	
Input	5V 1A
Operation temperature	-10℃~55℃
Working humidity	10%-90%RH(No condensation)
Product Size	90X90X20CM
Wireless connection	ZigBee

Packing list

- ZigBee smart gateway X 1
- Data cable X 1
- Cable X 1
- User Manual X 1
- Screw X 3
- Screw plug X 3
- Fixed bracket X 1
