Installation Location: Doors with eaves or indoors.

Opening Method

Card Type Used:Mifare 1
Sensitivity Distance:<10mm
Sensitivity Time:<0.5 seconds
Password Length:6 to 12 digits
Password Capacity:50 sets
Fingerprint Module: Capacitive (biometric technology)
Fingerprint Capacity :50 fingerprints

APP Management

User Management
Real Time Notification
Door set
Low Battery Notification

Network

Wi-Fi:IEEE802.11b/g/n, 2.4GHz
imou App: iOS, Android

Auxiliary Interface

Outdoor Unit:
Built-in Speaker
Full touch buttons

Indoor Unit:
Mechanical Quick-Release Knob
Electronic Door Opening Button
Reset Button

General

Color：Metal Gray

Panel Material: Aluminum Alloy

Battery Life: Approximately 12 months (with 10 uses per day)
Power Source: 4 * AA
Emergency Charging: Type-C
Working Environment:-30°C~+55°C（Outdoor Unit），0°C~+55°C（Indoor Unit）, Less Than 95%RH
Protection Level: IP54 (Outdoor Unit), IP52 (Indoor Unit)

What’s in the box

- 1x Outdoor Unit
- 1x Quick Start Guide
- 2x M1 Card
- 4x AA
- 1x Installation Accessory Kit
- 1x Indoor Unit
- 2x Mechanical Key
- 1x Installation Position Map
- 1x Deadbolt
